

WHITE CAPS IN Limestone CO.

MORE THAN 100 WITNESSES ARE SUMMONED IN CELEBRATED ALABAMA CASES.

SPECIAL TO THE JOURNAL.
Athens, Alabama, April 11.—The white cap cases which have been on the criminal docket in this county for more than a year, a number of prominent farmers in the east part of this county, and in the west part of Madison county, being charged with white capping John Davis, a farmer in the east part of his county, were called today and the indictment being returned to by the attorney for the defendants, the same was thrown out as defective. The grand jury being in session, one of the men charged in the former indictment, turned state's evidence and all were reindicted on what is believed to be much stronger evidence. Their trials will not be held this term of court. More than 100 witnesses were attending the court in this celebrated case.

SPOTTED FEVER CURE SOUGHT BY SURGEON

Dr. Lunsford D. Fricks.

Victor, Montana, April 11.—A daily facing of horrible death has been cheerfully undertaken by Dr. Lunsford D. Fricks, surgeon for the U. S. Marine hospital and public health service. He has come here to carry on in the Bitter Root valley the work started by the late Dr. T. B. McClintock, who died of the "spotted fever" he was trying to eradicate.

This disease is highly infectious and in most cases fatal. It is communicated by a tick which lives on the bodies of wild and domestic animals. In efforts to exterminate the insect great numbers of ground squirrels have been killed, while domestic animals have been sprayed with a solution calculated to kill the insect.

Dr. Fricks is about forty years old. He is accompanied by his wife and child.

TO IMPROVE HARBOR.

St. Thomas, D. W. I., April 11.—Extensive harbor improvements are to be begun here immediately in anticipation of the opening of the Panama canal.

A contractor with a staff of skilled workmen and quantities of material arrived today from Copenhagen to begin the work.

NEITHER THE SENATE OR HOUSE HOLD A SESSION

Washington, April 11.—Neither the senate nor the house will in session today. The senate will reconvene tomorrow and the house Monday.

CHILDLESS WOMEN

These women once childless, now happy and physically well with healthy children will tell how Lydia E. Pinkham's Vegetable Compound made all this possible. Here are the names and correct addresses—write them if you want to, and learn for yourself. They are only a few out of many thousands.

"Our first baby is strong and healthy and we attribute this result to the timely use of your Compound."—Mrs. FERN VOLANN, Kent, Oregon.

"I owe my life and my baby's good health to your Compound."—Mrs. W. O. SPENCER, R. F. D. No. 2, Troy, Alabama.

"I have three children and took your Compound each time."—Mrs. J. M. WARD, Wilming, Wis.

"By the way, my dear president who died of his women's women Anna will amount to appraise the remainder of left in trust for his Frank McGowan, who the United States ma, he is 35 years old and condition that he leaves service."

Bill to Create the Territory Of West Florida Is Expected

(Continued from First Page.)

Piet between committees would be done away with.

POLITICIANS LIKE IT.

With the introduction of the bill of Senator Johnson of Suwannee to re-district the state and provide for the fourth congressional district, speculation naturally became rife as to the attitude members of the delegation at Washington would take toward his bill. The general opinion is that the measure will meet their approval for the following reasons:

Frank Clark will hold the measure in favor because the Johnson plan takes from him the counties in which his opposition is strongest, including Duval and the East Coast counties of the Everglades section, while he retains his strong counties of Alachua, his home, Bradford and Suwannee, and takes in other counties in which farmers predominate. Clark has always been strong with the farming element. Claude L'Engle, as a citizen of Jacksonville, would be thrown into the new district, the counties of which gave him a large vote, and would have no reason for complaint. It is believed, and "Uncle Steve" Sparkman and Emmett Wilson would not be disturbed in their respective districts. However, there is no counting on the political wind, and lightning may strike in the neighborhood of Tallahassee before the question is settled.

Representative E. R. B. Kite, of Alachua county, promises to be one of the live wires in the house, in which he has many friends. Mr. Kite's particular hobby is the establishment of the new county of Santa Fe, which would cut slices of Alachua, Bradford, Putnam and Clay. Mr. Kite is going to make a hard fight for the realization of his dream on this subject, and it will undoubtedly prove an interesting one. One of his pet bills is that for regulating contracts of surety between common carriers and their employes and sureties upon such contracts and fixing penalties for violation. His bill is similar to that in force in old Virginia, and is one of the strongest of the kind yet enacted by any state.

A YOUNG MEMBER.

Among the youngest members of the lower house is Hon. J. C. Adkins, of Alachua, a brother of State Senator Adkins of Bradford, who is a worthy running mate for his older brother. This is Mr. Adkins' first trip to Tallahassee as a public servant, and every indication is that he is going to make a good record. Among his most important bills is one to provide scholarships to the Florida State College for Women and the University of Florida from each senatorial district, the appointments to be made by the senators and representatives of the respective districts. Educational advancement, and particularly in the rural districts, is one of his hobbies. He also has an excellent bill for the abolition of "blind tigers," with which many dry counties are infested, and another to fix liability for the wrongful death of minors in railway and other accidents. The present law touching this important subject is woefully defective.

HAS GOOD MATERIAL.

Speaker Farris is fortunate in having good material for his two judiciary committees, which are composed of some of the best lawyers of the state, although a majority of them are legal lights of the younger set. Young men with red corpses prevail in the lower body. W. A. MacWilliams of St. Johns county, as chairman of judiciary is a properly placed for the position in either house is better versed in legislative or legal matters. Mr. MacWilliams is the oldest man in point of service in the house and he has served with distinction in the senate also. Charles L. Knowles of Key West, heads judiciary B and he is another legislator of wide experience. The two committees are composed of such other lawyers as W. T. Martin, C. H. B. Floyd, Glenn Terrell, Edwin Spencer, Jr., L. A. Hendry, W. A. Williams, Jas. McHugh, T. T. Turnbull, J. C. Adkins, H. L. Bussey, George A. Worley, J. P. Lamb, J. M. Gornito, Otis R. Parker, W. C. Langford and S. H. Strom.

WANT COUNTY DIVIDED.

Heeded by F. P. Forster, as commander-in-chief, and Thos. K. Bates as secretary general, what is known as the "standing army of Sevier" is making a hard fight for the division of productive Orange county, the county seat of which is Orlando, citizens of which oppose the movement. The new county, is established, will bear the historic name of "Seminole." Before going to the fray each morning, officers and "high privates" of the crusaders gather inspiration and strength from devouring liberal quantities of the far-famed Sanford celery and listening to serial addresses on the "goldenness of the future" by Bob Holley, editor of the twice-a-week Sanford Herald. The battle forces at present consist of the following prominent people: Chairman, F. P. Forster; secretary, Thos. K. Bates; Robert J. Holley, H. H. Garner, W. J. Hill, Charles Vandy, E. Wilson, W. R. Healey of Longwood, H. McLawlin, George H. Fernald and wife, W. W. J. Thippen, Joe Cameron, Frank L. Woodruff, L. P. McCullen, W. H. Shelby, A. T. Rossetter, H. C. Dubose, D. L. Thrasher, H. E. Tolar and wife, B. F. Whitner, A. P. Connally, E. E. Brady, J. T. McCall, E. A. Douglass, G. F. Smith and wife. Unless the legislators "vote the army will—well, the army the forces from the Orlando are also increasing, and Tallahassee department, consisting of reinforced bluecoats, may be called reinforcements be ended.
